Co-founder Steve Harper retired from NMGI in 2019. Remaining co-founder Randy Johnston assumed the sole shareholder role. Johnston's efforts allow NMGI nationwide exposure and have linked NMGI to the accounting industry through his leadership with K2 Enterprises LLP.

“NMGI is experiencing great success and is poised to serve for decades as the best technology provider in the industry as our greatest years are still yet to come,” Johnston said.

“NMGI's 30th anniversary is a tremendous milestone for the company. We have had the pleasure of working with clients in Hutchinson and around the United States to assess, implement and manage their technology over the last 30 years,” said Vice President Ken McClelland. “We thank our clients and associates for the loyalty and trust you've shown us for the past 30 years and we are excited at what the future will bring.”
