Cloud accounting provider [Xero](#) is rolling out a new practice management solution that offers job costing, time tracking and invoice management functions. Xero Practice Manager is designed for accountants and bookkeepers who provide services to a variety of business and individual clients.

The new system is the result of months of effort by the company's product development team as it moves to strengthen its partner community and, as such, Xero Practice Manager is available at no cost to members of the [Xero Partner Program](#) who have Silver status or above.

“Over the past few weeks we have previewed several of the key features of this release, but today marks the general availability of the solution,” the company said on its [blog](#) on Wednesday evening.

“By connecting client accounting (Xero itself) to Practice Manager, accountants and
