- Allows any document to be attached to jobs
- Ability to add on strong Inventory/Wholesale/Distribution modules
- Numerous third-party integrations available

Potential Limitations

- No SaaS functionality
- Lacks document management features

Executive Summary & Pricing

Starting at \$645 per module, CYMA is a good fit for mid-sized contractors that do not require subset features such as equipment management and service call tracking. Scalable, CYMA's modular structure allows users to purchase the modules they need today and add to them at a later date.
