Best Fit

Hello. It looks like you're using an ad blocker that may prevent our website from working properly. To receive the best experience possible, please make sure any blockers are switched off and refresh the page.

If you have any questions or need help you can email us

- Historical estimating option pulls detail from previous jobs to create a quick job budget for a new job
- Wide range of optional industry-specific modules
- Contact management module pulls information into one comprehensive database
- Job material lists can be sent directly to suppliers to help ensure more competitive pricing
- Document Management module available

Potential Limitations

- No SaaS option (but remote access is available via third party, i.e. PC Anywhere, gotomypc.com, etc.)
- Product does not offer dashboards
- Lack of mobile tools for field techs to utilize

Executive Summary & Pricing

Construction Manager is an excellent product for small to mid-sized contractors, offering solid job cost accounting, subcontractor management and change order capability. Affordably priced at \$945 for a single-user system to \$5,795 for a network version of the product, ISS also offers Construction Manager on a leasing option with costs ranging from \$75 to \$225 a month.
