**2011 Overall Rating 4.75**

## Best Fit:

Hello. It looks like you're using an ad blocker that may prevent our website from working properly. To receive the best experience possible, please make sure any blockers are switched off and refresh the page.

If you have any questions or need help you can email us

- Handles multiple companies & departments
- Strong Equipment Management functionality
- Extensive reporting
- Document Link & Imaging module allows for better management of paperwork associated with construction companies and provides templates for communication with vendors, employees and customers

## Potential Limitations:

- Does not offer time tracking for subcontractors
- No native estimating functionality; data must be imported
- Lack of dispatcher module

## Executive Summary & Pricing

With four editions now available, BIS is an extremely scalable product suitable for construction companies of all sizes. Pricing for the system starts at \$1,895, with actual cost dependant on Edition, user requirements and modules purchased.

## Product Delivery Methods:

☒ On-Premises

☐ SaaS

☐ Hosted by Vendor
