**BizNet** Software, which offers Microsoft Excel-based cloud reporting and business intelligence solutions, is partnering with cloud accounting software maker **Intacct**, to create a new cloud-based reporting tool, *BizInsight for Intacct*. Now available via subscription, *BizInsight for Intacct* delivers reports from cloud-based financial and accounting data for unprecedented convenience and functionality.

“This is a true game changer for organizations who are committed to the cloud, but have yet to leverage its full benefits due to limitations in traditional reporting capabilities,” said George McMann, CEO and president of BizNet Software.

“With BizNet’s solutions working in concert with Intacct, reports can be accessed anytime, anywhere,” McMann concluded.

reporting processes with the new offering: “With *BizInsight for Intacct*, our reporting processes are dramatically simpler and more efficient,” said Summer Stone, accountant at Healthx.com. “It was extremely easy to access data to create and update reports within Excel. BizInsight has been a massive timesaver and has helped our business operate more smoothly.”

BizNet Software is showcasing the groundbreaking tool at [Advantage 2014](#) in Orlando, Florida, Nov. 9-13.
