collaborating across their organization, while helping to "cut out delays, uncertainty and wasted time."

May. 13, 2015

Small business software developer **Sage Software** has worked with **Salesforce** to create a new, completely mobile small business operating platform called Sage Life, which it launched today.

Sage Life was developed to give small businesses an always-on network for collaborating across their organization, while helping to “cut out delays, uncertainty and wasted time.” The system includes full business accounting functions, as well as

comparative analysis features the let staff work together with each other, with
