Sageworks Valuation Solution

www.Sageworks.com

Sageworks Valuation Solution, the commercial grade and web-based solution, helps CPA, private equity and valuation firms determine an accurate and legally defensible value for private companies. The solution is compliant with AICPA standards and allows users to go beyond simple calculation engagements and estimates to get a true value. Since the platform is web-based, clients benefit from convenient, live updates, no installation and a valuation project that can be conducted start to finish in one collaborative, globally accessible location. This product was created specifically to fill an industry need identified by Sageworks' in-house team: a tailored, compliant and convenient approach to business valuation.
