The American Business Awards are considered the nation's preeminent business awards program. All organizations operating in the United States are eligible to submit nominations — public and private, for-profit and non-profit, large and small. More than 3,300 nominations from organizations of all sizes and in virtually every industry were submitted this year for consideration in a wide range of categories.

Finalists were chosen by scores of business professionals nationwide during first-round judging in April and May. Members of several specialized judging committees will determine Stevie Award placements from among the finalists during final judging, to take place later this month. CCH IntelliConnect Browser Search will ultimately be named a Gold, Silver or Bronze Stevie Award winner in the program when the final awards are presented at the American Business Awards new product & technology awards event taking place September 11 in San Francisco.
