with decision-making in the areas of technology and operations.”

This survey included respondents from all 50 states, with the number of respondents doubling over last year's results, which further validates the data. The Solo Practitioner and Small Firm Edition of the 2nd Annual Accounting Firm Operations and Technology Survey eBook features:

- Survey results exclusively for solo and small firm practitioners from 74 survey questions presented using charts and tables showing last year's results against this year.
- Six sections, including:
 - Demographics
 - Practice Management
 - Technology Management
 - Technology Governance
 - Computer Hardware & Operating Systems
 - Application Software
- Consultants Counsel for each section, containing analysis and consulting commentary to help solo practitioners and small firms understand how they might apply the results to their practice.
- Articles sharing thought-leadership. Several of the profession's most respected thought leaders weigh-in and provide insight into select results. Articles have been contributed by Richard Koreto, Managing Editor of AccountingWEB, Daniel Hood, Editor-in-Chief of Accounting Today, Jim Boomer, CIO and Shareholder, Boomer Consulting Inc., Gail Perry, Editor-in-Chief of CPA Practice Advisor, Rick Telberg of CPA Trendlines, and Bob Scott, Editor-in-Chief of The Progressive Accountant.

- Productivity, Profitability, Risk Mitigation Award-winners. Respondents of the 2nd
