Fresno, CA –September 28, 2015 – Aplos Software, a company that specializes in online, [nonprofit accounting software](#), unveiled its new software dashboard aimed to help users quickly monitor the health of their organization. The visual display shows users the most important metrics, financial trends with dynamic graphs and alerts of recent important actions to take.

“Bookkeepers can now confidently direct their organizations because now they can see the core financials they need at a glance, in addition to practicing strong fund accounting,” said Tim Goetz, CPA, CEO of Aplos. “When it comes to accounting, convenience is key. They can now know exactly what they need to do and what their financial position is in less time.”

The new accounting dashboard display for nonprofits and churches users includes:

These enhancements are value-added benefits to the online nonprofit accounting software that has received resounding positive reviews from nonprofit customer and accounting industry experts. Some of the most popular features of the software that are utilized by the 7,000 organizations that signed up for Aplos last year include:

- **True Fund Accounting:** User-friendly interface makes it simple for nonprofits to do true fund accounting, even without bookkeeping experience.
- **Automatic Contribution Statements:** Donations are automatically tracked by donor for the accounting and one-click contribution statements.
- **Online Donation Processing:** With customizable online forms, nonprofits can securely accept donations online and have the information automatically tracked in their accounting.
- **Cloud Convenience:** Cloud-technology means sharing real-time access to the books with your accountant or other users, accessing your data from any device and automatic backups.
- **Free Support & Training:** A nonprofit or church of any size can be confident they are doing their bookkeeping correctly with free set-up assistance, access to Aplos Academy to develop their skills and ongoing support.

Primarily made for organizations with annual revenue of under \$1 million that need to track donations and money devoted to designated funds, such as grants or special initiatives. Aplos also offers online donor management software so organizations can email their supporters and manage their donor database all from the same platform.
