Dec. 22, 2015

Becker Professional Education is introducing seven certification programs for CPAs and other financial professionals. Topics include the SEC, fraud, finance, management, government, business valuation and communication.

Becker's certification programs have been carefully developed to meet National Association of State Boards of Accountancy (NASBA) standards and to provide knowledge that can strengthen skills and career value. Each program features curated courses that are organized in an efficient self-study format designed to enable students to complete a certificate of completion within one year.

Topics cover: SEC, Fraud, Finance, Management, Government, Business Valuation and Communication.

"Obtaining a Becker Certificate of Completion is a great way to earn CPE credits and acquire special expertise in core subjects that are highly valued in today's competitive job market," said Timothy McClinton, vice president of U.S. Accounting at Becker

Professional Education. “We have identified the critical areas that professionals need
