Heath will be joining the CDH family providing "Executive Focus" services under the existing v-Focus service line. Known for their financial and operational business insights and continuous improvement expertise, Heath helps businesses identify key performance metrics, engaging all executive departments for increased contribution to improve operational and financial results. Heath serves companies representing a wide variety of industries with an emphasis on manufacturing in the Milwaukee and Chicago metro areas.

"Heath sought to merge with an accounting and consulting firm to expand the services we offer and better serve our clients," said Tom Hood, Heath CEO. "Merging with CDH is a good fit for both our clients and our employees."

"The culture of both firms is highly compatible, with similar client service delivery models and core values," said Koh Fujimoto, CDH president and managing principal. "The merger brings together two well established and reputable firms, creating a unique alternative for clients who value building lasting relationships and service."
