costs and democratizing access to business management tools. iOS is the leading mobile platform for business users, and we are deepening our commitment to iOS by delivering our new Sage Live solution for iOS that provides simple, insightful accounting and payment services to Small & Medium Sized businesses.”

Alan continues: “We see the future as mobile, and we’re excited to be an Apple mobility partner, which will help us get our simple and powerful accounting solutions into the hands of even more Small & Medium Sized business owners and help them grow and be successful. In a time of seismic technological change and digital invention, we want to provide the smartest technology to reinvent and simplify business accounting.”

Millions of Small Businesses rely on iPad, iPhone and Apple Watch to run their businesses and now through Sage Live they can have real-time access to their critical accounting information in Sage and their customer information held in Salesforce.
