well as the processing of year-end tax forms including W-2's, W-3's, 1099 forms, 1098, and 1096 forms. The product also handles both quarterly returns and unemployment insurance returns, along with standard federal forms such as 940, 941, 943, and 944. The product is accessible from any browser, as well as a variety of mobile devices such as tablets and smartphones. The product supports multiple system users, with those users able to log in from any supported device.

After-the-Fact Payroll will perform automatic payroll calculations including standard calculations such as net pay, FICA and Medicare deductions, and all standard and user-defined payroll deductions. The product can also handle specialized deductions such as tips, 3rd party sick pay, and reimbursements. Dashboard functionality provides users with complete access to all system clients, and users have the ability to enter payrolls by a specific pay period, or consolidate multiple pay periods for complete reporting capability. Payroll information can also be imported into After-the-Fact Payroll from other applications using an Excel file format.

Reporting – 4.75 Stars

After-the-Fact Payroll offers a good selection of payroll and tax related reporting including payroll registers, employee listings, an employee payroll summary, and employee earnings, taxes, and deductions. A W-2 report is also available for year-end processing, as are summary reports for 941, 940, SWT, and SUI.

The product supports all common tax reports including Forms 940, 941, 943, 944, W-2, W-3, 1099-MISC, 1099-I, 1099-R, 1099-S, 1099-DIV, 1096, 1098, and 945, and also supports state quarterly withholding and unemployment returns. Electronic filing is available for both federal and state quarterly forms along with both W-2's and 1099's.

System reports are easily processed, with users able to view all forms and reports on
