1. CONNECT TO DATA

Bring your transaction data into TrustFile by connecting directly to your selling platform or importing a CSV file.

Connect TrustFile directly to your tax data.

TrustFile has prebuilt integrations into many ecommerce and accounting platforms including Amazon, Shopify, Weebly, Woocommerce, and Xero. Don't see your platform? Data from any platform can be imported in CSV form.

If you're a developer, TrustFile also has an easy-to-use API that makes building new integrations quick and easy.
