DEPRECIATION AND FIXED ASSET MANAGEMENT SOFTWARE SYSTEM

It costs just a fraction of other, comparable fixed asset programs. Fixed Asset Pro is a self-contained system. So, you won't need to install and maintain any third-party database software.

If you want a better way to organize fixed asset data, calculate depreciation, and prepare tax and financial reports, then Fixed Asset Pro is for you. **Updated for the latest tax depreciation rules.**

Performance and price make Fixed Asset Pro a terrific value for small and mid-sized businesses:

- Free yourself from the headaches of calculating depreciation and tracking fixed assets.
- Replaces old, unreliable spreadsheets and the limited functionality of accounting system FA modules.
- Save time by streamlining fixed asset organization and record keeping.
- Save on taxes by not missing important depreciation deductions such as Bonus Depreciation and Section 179 Expensing.
- Save money by not insuring assets that are off the books.

CPA Practice Advisor is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
