[From the Thomson Reuters blog.](#)

Let's review minimum wage pay rates. There's the federal minimum wage of \$7.25, as well as state minimum wage, local minimum wage and tipped minimum wage rates.

Below is a list of minimum wages by state, as well as tipped minimums. Please note that local rates can affect the states if the locals are higher. Twenty-seven states had minimum wage changes effective in 2017 — and you can expect more changes coming in the future.
