- **Sage Contact** – syncing with Microsoft Outlook to ensure users can access key contact details, information, notes, history and files from any platform, at any time.
- **Mobile invoicing and expenses** – allowing business owners to quickly record expenses & generate invoices on the go.
- **Sage Capture** – giving users the ability to photograph receipts and capture expenses, invoices and other paperwork digitally using Microsoft OneDrive.
- **Sage Intelligence Reporting** – supporting users to make faster, better and more informed decisions with the capability to create powerful, in-depth Microsoft Excel reports with Sage 50c simple design tool and smart templates.
- **Cloud Document Storage** – helping businesses get rid of paperwork by providing secure file storage, sharing, data access and more for documents digitally using Microsoft OneDrive.
- **Microsoft Office 365 Business Premium** – the market-leading, powerful business productivity suite is available with Sage 50c, giving Small & Medium Sized business everything they need to unlock new capabilities of Sage 50c alongside the wider benefits of Office 365.

Summer updates will include:

- **Business Performance Dashboards** – putting all business processes into one, real-time dashboard so that users have everything they need to make decisions at their fingertips.
- **Bank feeds** – direct connections to bank accounts so businesses have the most up-to-date view of their finances at their fingertips... flowing automatically into their accounts.

Stephen Kelly, CEO of Sage said: “With this launch we are fulfilling the promise we made at Sage Summit 2016 in Chicago to put the power of Sage and Microsoft behind more than 72 million Small & Medium Businesses around the world. Sage 50c is about

giving entrepreneurs and business owners’ freedom by ultimately making their day-to-
