Oct. 01, 2017

Technology has reached a point where it is nearly impossible for a CPA firm to keep up with regulations, security, ease of use, and reliability while staying within a reasonable budget. This is where the Xcentric Cloud enters the picture to help alleviate the IT burden commonly felt by CPA firms.

We focus solely on accounting firms – yes solely. We know your personalities, your software, your workflow, your associations, your deadlines, and we know what makes a firm both tick and succeed in today's marketplace. We have 3 cloud offerings suited to meet the unique needs of our firms.

CPA Practice Advisor is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors.
