Vertex, Inc., a provider of tax technology solutions and services, today announced the availability of an integration between its indirect tax solutions with Acumatica applications. Available in both on-premise and cloud technology, Vertex tax functionality allows Acumatica to provide its customers with accurate, automated sales and use tax calculations, as well as signature-ready returns.

“As the global tax landscape increases in complexity, and businesses strive to be more competitive, this integration provides Acumatica customers with enterprise-ready tax functionality, helping to drive business success,” said Paul Beirnes, managing director of partner development at Vertex.

Acumatica is a cloud ERP innovator with customers located around the world. Acumatica ERP delivers adaptable cloud and mobile technology with a unique all-inclusive user licensing model, enabling a complete, real-time view of businesses anytime, anywhere. Through its worldwide network of partners, Acumatica provides a full suite of integrated business management applications.

Vertex indirect tax solutions are now integrated into the Accounts Receivable Module for all sales and use tax transactions via a connector. The Acumatica ERP platform features reliable sales and use tax calculation and returns, regardless of jurisdiction, allowing internal resources to focus on more strategically valuable projects.
