TaxCaddy by SurePrep eliminates the paper organizer and streamlines the entire 1040 process for both the taxpayer and CPA. Throughout the year, taxpayers can use this program's mobile phone app to photoscan and upload paper documents like property tax notices and vehicle registration receipts so they're available to the tax accountant at tax time. In January, the CPA can send an electronic questionnaire that the taxpayer can respond to from any location using a mobile phone app; even using voice to text.
