provider of tax compliance automation software.

Aug. 16, 2018

**Avalara TrustFile** is now available on the Amazon Marketplace Appstore. Avalara TrustFile helps businesses that sell on Amazon spend more time focusing on their business and less time dealing with complicated sales tax filing and compliance issues. Avalara is a provider of tax compliance automation software for businesses of all sizes.

Thousands of merchants currently manage sales tax filing using Avalara TrustFile. The app includes essential automation features to help businesses that sell on Amazon get compliant, including:

- **Automatic, ready-to-file returns:** When businesses synchronize sales data, Avalara TrustFile will alert as to where, when, and how much to file during each filing period. Businesses can also file returns with a single click.
- **FBA inventory tracking:** Connect Avalara TrustFile to an Amazon seller account to receive a report detailing total FBA sales fulfilled out of each Amazon warehouse, total FBA sales volume by state, and first sale date for each state.
- **Static pricing:** Avalara TrustFile subscription pricing stays the same regardless of monthly sales volume.
- **Reminders to file on time:** Avalara TrustFile sends reminders each month that returns are due — because no one likes late fees or filing calendars.
- **Reliable integrations:** Avalara TrustFile integrates with the most widely used shopping carts, marketplaces and accounting software, and accepts CSV data files.

- **Access to expert support:** With Avalara TrustFile, businesses get their own sales
