### **Favorite books/websites/speakers:**

#### **Books**

- Principles by Ray Dalio – It's a great read and really makes you think about how you want to setup and design your life; whatever that means to you.
- Tools of Titans by Tim Ferriss- If you consider yourself a curious person, read this book. It will expose you to so many incredible new things; and you get to pick out the ones you like to pay attention to.

#### **Speakers**

- David Barrett – I might be a little biased (he's my CEO) but when he gets on stage, he tells it like it is and people don't only listen, they respond and want to hear whatever he says. I aspire to be like that one day.
