GoCanvas

www.gocanvas.com

From the 2018 reviews of Inventory Management systems.

Offering a variety of apps suitable for use on a variety of mobile devices including iPhone, iPad, Android, Blackberry, PlayBook, Windows Mobile, and Windows Desktop, GoCanvas apps are suitable for use in a variety of industries including manufacturing, retail, distribution, and hospitality. Users can choose to use the desktop version of GoCanvas or utilize the mobile apps for on the go processing of forms.

Along with numerous apps, GoCanvas also includes features such as cloud storage, a PDF Designer, a Dispatch function, Scheduled Dispatch and Calendar, Offline Access, along with the ability to create an app, which allows users to access a GoCanvas app and make any changes using drag and drop tools to fully customize the app.

GoCanvas offers numerous inventory apps including the Inventory Tracking Sheet with Barcoding, which allows users to easily track inventory products along with supplies. The app can track a variety of details, including beginning and end dates, item number, product description, current quantities available, and the date of the last inventory. The product can also track non-inventory items as well, making it easy to track company assets along with inventory.

For those that need to track inventory in a variety of locations, the Inventory
