From the Oct. **2018 reviews of Website Builders** for accounting firms.

Website Relief is part of AccountantsWorld suite of applications designed for accounting professionals, and is a good fit for small to mid-sized accounting firms that use other AccountantsWorld applications. Website Relief can also be used as a stand-alone website design application if desired.

Website Relief offers a series of professionally designed themes that accounting firms can choose from. All web designs are also optimally designed for easy access from desktop, laptop, smart phones and tablet devices.

During the initial website setup process, Website Relief provides initial content based on the firm profile that is submitted when purchasing the application. Based on the firm's profile, Website Relief then creates pages and content that is relevant to the firm and the services offered. Standard pages such as a Home Page, an About Us page,

and other features such as a Tax Center, Payroll Center, Tax Refund Page, Financial

any web page. Website Relief also includes the ability for users to create and maintain their own blog if desired. Both video and animation options are supported by Website Relief as well.

Any firm using Website Relief will receive a free custom domain name, with five custom branded email addresses. Additional addresses are available to purchase if necessary.

Website Relief's Dashboard offers users quick access to website information and integrates with Google Analytics to provide users with the latest details on web traffic and web visitors. Users can also manage their website content directly from the dashboard.

The design tool that is included in Website Relief makes it easy to have a functioning website up and running quickly, with users able to edit the contents at any time. A variety of forms are available to post on the website as well, including a contact form where potential clients can contact the firm to ask a question or request an appointment. Sign up forms for company newsletters can also be displayed on the website, and users can easily create a blog that can be placed on the website as well.

Website Relief integrates with all popular social media sites such as Facebook, LinkedIn, and Twitter, making it easy for clients to connect with the firm. SEO is available, with users able to submit their completed website to sites such as Google, Yahoo, and Bing. Tutorials are also available for those that wish to learn more about SEO options, and the product also integrates with Google Maps, so users can place a map to their firm for clients. Website Relief also offers complete integration with Google Analytics, so users will be aware of web visits and traffic at all times. Any firm that purchases Website Relief also receives a free basic listing in a tax directory, with the option to upgrade to a paid premium listing if desired.

AccountantsWorld offers free, unlimited product support for all of its applications,
