Company Overview

SurePayroll is the online alternative to ADP® and Paychex® that provides trusted advisors online reports, free educational resources and CPE-accredited webinars, worry-free payroll, and tax payment and filings for your clients. With full-service online payroll available 24/7, our service includes full tax management for prices up to 50 percent more affordable than traditional payroll services.

In order to provide your firm with the best payroll service for your clients, innovation is a top priority at SurePayroll. Because SurePayroll is completely available online, new features are added faster — and at a much lower cost — than traditional payroll services offerings. Instead of waiting for mailed copies or contacting clients, trusted advisors have free access to SurePayroll customers' reports in one secure, central online location. 1-Click™ Payroll Technology reduces payroll to 15 seconds for customers whose employees are salaried or work a set number of hours every pay period. When SurePayroll customers can't get to a computer, they can run payroll from the free Mobile Payroll iPhone® app — the only payroll app available for the iPhone.

This payroll innovation hasn't gone unnoticed by customers or the industry. Over the last decade, SurePayroll has received numerous prestigious awards for its innovative technology and outstanding customer service, including recognition from *Accounting Today*, *PC Magazine*, the Independent Payroll Providers Association (IPPA), *Inc. 500*, the CompTIA SoftwareCEO Software Innovation Awards and many others.
