Mar. 05, 2019

The **Readers' Choice Awards** give accounting professionals a way to share what they believe are the most beneficial systems. After all, professionals need to stay aware of

technologies and best workflow practices in order to stay competitive in the constantly-evolving tax and public accounting space.

Started in 2004, the awards allow readers to vote in more than 30 categories of accounting and small business technologies, letting them shine the spotlight on the tools and vendors they trust for their practice, and for their clients.

Voting for 2020 has now ended, and the results will be shared in late March 2020.
