## Planning

With its driver-based budgets and plans and unlimited scenario testing, users can easily adapt Planning Maestro to their business needs and goals. Its intuitive user experience, pre-loaded intelligent models, fast database queries and ...

Apr. 19, 2019

Centage Corporation ([www.centage.com](http://www.centage.com)), a provider of cloud financial software that transforms how businesses budget, forecast, analyze and report, has announced the availability of Planning Maestro, an intelligent planning and analytics platform specifically designed for the small and mid-sized business (SMB).

Responding to the SMB's need for robust planning and analytics that are easy to use and implement, Planning Maestro delivers sophisticated financial intelligence without the heavy investment and technical skill necessary to implement traditional software. Affordable and intuitive, the cloud-native platform equips businesses with a competitive advantage, enabling them to easily budget, forecast financial performance, analyze results and share critical information across the organization. As a result, business leaders are empowered to make faster, more informed decisions, so they can react quickly to market changes, take intelligent risks, and capitalize on new opportunities.

With its driver-based budgets and plans and unlimited scenario testing, users can easily adapt Planning Maestro to their business needs and goals. Its intuitive user experience, pre-loaded intelligent models, fast database queries and seamless ERP & GL integrations streamline routine tasks which provides teams with the time they need to think and act strategically. Its advanced reporting offers accurate forecasts, analysis and visualization of large data sets, and multi-dimensional pivotal reports.

“Centage has delivered cutting-edge financial planning solutions for nearly two
