Ten years ago the iPhone was the only “smartphone” on the market, and few could afford such cutting-edge technology. Fast forward to today where we have access to virtual reality, driverless cars, and incredible convenience with a few taps on our smartphone screen. Technology is changing the world faster than we realize, and businesses that fail to evolve – including accounting firms – will be left behind.

To prepare your firm's marketing strategy for the future, we've examined current
