conversations with their business software to gain actionable insights about their company and perform work-related tasks.

Jul. 10, 2019

Core Intelligence is an Artificial Intelligence tool that allows users to have human-like conversations with their business software to gain actionable insights about their company and perform work-related tasks.

BQE is the first company to release an AI for accounting and professional services

Hello. It looks like you're using an ad blocker that may prevent our website from working properly. To receive the best experience possible, please make sure any blockers are switched off and refresh the page.

If you have any questions or need help you can email us

smart speaker, or even a vehicle with Google Assistant connectivity. This allows them to use only their voices to get work done anywhere, instantly.

Core Intelligence is now available to all current Core customers at no additional cost. To learn more, visit [bqe.com/core-ai](https://bqe.com/core-ai).
