The collaboration between Workiva and BlackLine combines two providers that were named Leaders in Gartner's 2018 Magic Quadrant for Cloud Financial Close Solutions.

Sep. 04, 2019

Workiva, a cloud provider of connected reporting and compliance solutions, and accounting automation software leader **BlackLine, Inc.** (NASDAQ:BL) today announce the availability of a platform integration to help joint customers streamline financial close and reporting processes. The integration will enable users to seamlessly connect and transfer data between the two platforms, saving time and reducing risk by improving accuracy and transparency in the record-to-report process.

"Many of our customers use BlackLine to automate balance sheet reconciliations and other processes they need for a successful financial close before they use the Workiva platform for reporting and compliance," said Mike Rost, Vice President of Partners and Alliances at Workiva. "With this new integration, our joint customers will be able to benefit from better transparency across applications and a higher level of trust and confidence in the data they report."

The collaboration between Workiva and BlackLine combines two providers that were named Leaders in Gartner's 2018 Magic Quadrant for Cloud Financial Close Solutions.

"Thousands of leading finance and accounting teams around the globe have adopted BlackLine for our comprehensive account reconciliation and close automation capabilities and Workiva for its connected and trusted reporting," said Michael Otto, Vice President of Global Strategic Alliances at BlackLine. "By working together, we

believe we are creating additional customer value by offering a whole new level of
