respected and longest standing awards in the Accounting industry. Randy Johnston, Shareholder and VP at K2 Enterprises was quite pleased "The creators of technology ...

Sep. 06, 2019

K2 Enterprises has released their annual technology awards for 2019.

The K2 Quality Awards are in their eighteenth year and the are among the most well

deemed that no company fits the criteria, then no award will be given. The Prime award is given to a company that is leading in almost every category listed below.

The following are key considerations used in voting for the Prime award:

- Reasonable management goals and expectations
- Long term stability in the accounting market
- Clear and honest communication with employees and market influencers
- High quality products
- Top shelf customer support
- Significant commitment to product development and product improvement
- Great management vision and direction for both current and future plans

K2 Enterprises would like to congratulate **Right Networks** as the recipient of the 2019 Prime award.

"Right Networks has innovated hosting, support and tools, particularly with for their strategy of offering pre-packaged tax hosting for Lacerte/ProSeries customers", said Brian Tankersley, Director of Strategic Relationships for K2 Enterprises. "Right Networks has expanded their product line with new solutions, added a powerful transaction importer, and made significant changes to the application architecture. I can think of no other company which has focused so much on the hosting industry for the accounting profession."

Awards by Category

"A sincere congratulation to all the winners. Mobile ease of use and capability is increasing. Technologies like artificial intelligence and machine learning are arriving in products, too." said Tommy Stephens, COO – K2 Enterprises.
