payroll relief module that only process payroll reporting, not annual forms and other tax forms. After-the-Fact-Payroll module, which includes both payroll and tax compliance. In addition to standard payroll, Payroll Relief also supports contractor payroll as well.

Payroll Relief easily handles multi-state payroll as well as multiple payroll schedules and multiple checks per employee. Check printing options in Payroll Relief include printing and distributing checks to clients, or emailing a PDF of all processed paychecks for clients to print on-site.

An employer dashboard in Payroll Relief allows users to easily monitor payroll data for each client, with each client dashboard displaying information such as pay day reminders, taxes due, and forms due, including the ACH Transactions screen, which allows users to review electronic fund transactions for each client. Users can also view a list of all active clients from the Payroll Snapshot screen, with the current status of each client available.

Payroll Relief includes tax tables for all 50 states, Washington D.C., and Puerto Rico, and offers state and local tax compliance as well. All electronic filing for federal and most state forms is included in Payroll Relief, along with year-end processing and filing of W-2's, 1099 MISC and 1096 forms.

Payroll Relief includes a good selection of payroll, compliance, employee and employer reports. Users can also create report sets for each client, making it easy to process the required reports each pay period. Users can also easily email reports to clients directly from the report screen. All Payroll Relief reports can be exported to Microsoft Word and Excel for customization, archived in Cloud Cabinet, or saved as a PDF.

Payroll Relief integrates seamlessly with other AccountantsWorld applications such as Accounting Power, After-the-Fact Payroll, and Practice Relief. Integration with
