From the 2019 reviews of W2 and 1099 Systems.

After-the-Fact Payroll from AccountantsWorld is exclusively designed for accounting professionals, and is best suited for firms that are using or plan on using other AccountantsWorld applications. After-the-Fact Payroll provides firms with good after-the-fact payroll processing along with complete year-end W-2 and 1099 processing.

After-the-Fact Payroll is accessible from any browser, and can also be accessed from both smart phones and tablets. The product includes excellent payroll processing capability including the ability to import payrolls from Microsoft Excel, the ability to import employee and 1099 recipient information, and the product supports reimbursements, 3rd party sick pay, allowances, cash and paycheck tips.

In addition, After-the-Fact Payroll also supports all federal compliance forms

After-the-Fact Payroll includes a good selection of payroll and tax reports including a year-end comprehensive W-2 report. Other reports available include an Employee Payroll History, an Employee List, a 1099 Recipient List, and an Employee Earnings and Taxes report. Users can easily view all After-the-Fact Payroll reports on screen, save the report as a PDF, or archive the report in Cloud Cabinet.

After-the-Fact Payroll offers complete integration with Accounting Power from AccountantsWorld, so users can easily import payroll information from Payroll Relief. In addition, After-the-Fact Payroll also integrates with other AccountantsWorld applications including Cloud Cabinet, Website Relief, and Practice Relief. The application offers little integration capability with other third-party applications, though users can import data into After-the-Fact Payroll from other applications using a CSV file or XML format.

AccountantsWorld offers excellent help and support options for all of its applications, with users able to easily access in-product help at any time from a comprehensive help system. Toll-free telephone support is available from AccountantsWorld during regular business hours, with chat and web support available as well. In addition to regular support options, there are also a variety of webinars and videos that are easily accessible to system users at any time, with a robust user forum available as well. AccountantsWorld also offers a good selection of resources for accounting professionals including eBooks, numerous case studies, success stories, and a company newsletter. There is also a blog that offers a variety of useful information specifically written for accounting professionals.

After-the-Fact Payroll from AccountantsWorld is an excellent payroll processing application that also offers year-end form compliance capability, including electronic filing of both W-2 and 1099 forms. Those interested in After-the-Fact

Payroll should contact AccountantsWorld directly to request a demo of the
