The Families First Coronavirus Response Act (the “FFCRA”), signed by President Trump on March 18, 2020, provides small and midsize employers refundable tax credits that reimburse them, dollar-for-dollar, for the cost of providing paid sick and family leave wages to their employees for leave related to COVID-19.

The FFCRA gives businesses with fewer than 500 employees (referred to throughout these FAQs as “Eligible Employers”) funds to provide employees with paid sick and family and medical leave for reasons related to COVID-19, either for the employee’s own health needs or to care for family members.

Workers may receive up to 80 hours of paid sick leave for their own health needs or to care for others and up to an additional ten weeks of paid family leave to care for a child whose school or place of care is closed or child care provider is closed or unavailable due to COVID-19 precautions.

The FFCRA covers the costs of this paid leave by providing small businesses with refundable tax credits. Certain self-employed individuals in similar circumstances are entitled to similar credits.
