The National Association of State Boards of Accountancy (NASBA), American Institute of CPAs (AICPA) and Prometric are [launching year-round testing](#) of the Uniform CPA Examination (Exam) beginning today. The new continuous testing model provides greater candidate flexibility and convenience, with more than 75 additional testing dates available throughout the year.

The new model replaces quarterly testing windows that allowed candidates to sit for the Exam during specified dates. According to Prometric, 3,465 test events have

The 55 U.S. Boards of Accountancy have endorsed the move to a Continuous Testing model as a means to support Exam candidates on their journey to CPA licensure. NASBA has created a [Continuous Testing Status Map](#), which tracks the status of states with continuous testing. CPA Exam candidates are encouraged to refer to the map often for updates.

“Increasing candidate convenience is one of our top priorities,” said Michael A. Decker, AICPA vice president of Examinations. “The move to continuous testing will give candidates the flexibility to develop a personal testing schedule that works best for them.”

Under the continuous testing model, scores will be released on a rolling basis. Candidates wishing to learn more about continuous testing, as well as how the score release process will work, should visit the AICPA's [CPA Exam Score Release](#) page, as well as follow NASBA via social media for updates. Additional information is available in this [short informational video](#).
