Intuit Online Payroll has a convenient user dashboard, where all clients can be easily accessed. The dashboard displays a notification for all client payroll dates, notifying users when a pay date is close. Users can choose a client from the client list. Once the client is chosen, a list of all employees and contractors associated with the client is displayed with their pay type included.

Intuit Online Payroll supports numerous pay types, including regular pay, commissions, allowances, reimbursements, overtime, PTO, and sick time. Firms can opt to enter payroll data for each employee or provide clients with access to the payroll application, with system access easily customizable for each employee. Intuit Online Payroll supports regular paychecks as well as direct deposit, which is included at no additional charge.

reports after each payroll, or providing access to clients to run reports when needed.

Intuit Online Payroll allows users to import time data using an Excel spreadsheet, or have clients enter their own time data directly into the application. Intuit Online Payroll also offers seamless integration with TSheets, which can track time and create time entry reports. The application also integrates with all QuickBooks applications including QuickBooks Desktop, QuickBooks Online, and QuickBooks for Mac.

The availability of the online portals makes it easy for clients to access their account.

Intuit Online Payroll does not offer HR resources in the application, but does integrate with a variety of third-party applications including firm marketing materials and templates that can be used by accounting firms to grow their business.

Intuit Online Payroll for Accounting Professionals includes both telephone and chat support, with all phone support handled in the U.S. Users also have access to a robust online help system that includes getting started guides, product updates, and various training options, as well as access to the robust online user community.

Intuit Online Payroll for Accounting Professionals is offered exclusively to accounting professionals interested in offering payroll services to non-QuickBooks clients. The product can be used as a stand-alone application, but is better suited to firms already using other Intuit/QuickBooks applications. Pricing for Intuit Online Payroll for Accounting Professionals starts at \$45 for a single client per month, with a per employee charge of \$4 per month assessed, with the price dropping to \$22.50 per client for 2-5 clients, with the per employee charge dropping to \$1.50. The price drops for additional employees.
