Foxit, a provider of innovative PDF products and services, helping knowledge workers to increase their productivity and do more with documents, today announced Foxit Sign, a new E-signature service providing full, legally binding and secure E-sign workflow. Foxit Sign makes it easy to create and sign digital contracts, agreements and forms to expedite business in a digital world.

Foxit also introduced new corporate and product branding, changing the company's name from Foxit Software to Foxit and renaming products like Foxit PhantomPDF to simply Foxit PDF Editor. In addition, Foxit launched new versions of its PDF Editor and PDF Reader solutions, introducing simplified and more intuitive user interfaces, PDF 3D support, additional search and search/redact options, and other valuable features.

"Foxit is simplifying and expediting the way digital documents and digital business get done," said Phil Lee, Chief Revenue Officer of Foxit. "Foxit Sign is a major step forward for Foxit and our customers."

### **Foxit Sign**
