Jul. 21, 2021

A screenshot of the IRS website's 'Tax Professionals' page. The page has a blue header with the IRS logo on the left and links for 'Help', 'News', 'English' (with a dropdown arrow), 'Charities & Nonprofits', and 'Tax Pros' on the right. Below the header is a dark blue navigation bar with links for 'File', 'Pay', 'Refunds', 'Credits & Deductions', and 'Forms & Instructions', along with a search bar. The main content area has a breadcrumb trail 'Home / Tax Professionals' and a large 'Tax Professionals' heading. Below this is a row of language links: 'English', 'Español', '中文(简体)', '中文(繁體)', '한국어', 'Русский', 'Tiếng Việt', and 'Kreyòl ayisyen'. On the left side, there is a vertical list of links: 'Enrolled Agents', 'Annual Filing Season Program Participants', 'Enrolled Retirement Plan Agents', 'Certified Professional Employer Organization (CPEO)', 'Enrolled Actuaries', 'E-File Providers', and 'Modernized e-File'. The main content area features two large cards. The first card, titled 'E-Services', includes an image of hands on a laptop, the text 'Online tools for tax professionals', and a blue button labeled 'Access E-Services'. The second card, titled 'PTIN System', includes an image of hands on a laptop, the text 'Status: Online' with a blue checkmark, 'Renew or register for 2021', and a blue button labeled 'Renew or Register'. At the bottom, there is a section titled 'Request Power of Attorney or Tax Information Authorization' with a brief description of the service and links to 'submit power of attorney (POA)' and 'tax information authorization (TIA)'.

The IRS has just launched a new feature that will make it easier for tax professionals to act on behalf of their clients (IR-2021-154, 7/19/21). Thanks to an enhancement to the “Online Account,” taxpayers may now digitally authorize a tax practitioner to represent them before the IRS with a Power of Attorney (POA) or view their tax accounts through a Tax Information Authorization (TIA).

Effective immediately, tax professionals may access the new [Tax Pro Account](#) on www.irs.gov to digitally initiate POAs and TIAs. These digital authorization requests are simplified versions of Forms 2848 and 8821.

“The ability for taxpayers to connect online with their tax professional is a

Hello. It looks like you're using an ad blocker that may prevent our website from working properly. To receive the best experience possible, please make sure any blockers are switched off and refresh the page.

If it's accurate, the completed digital authorization goes directly to the Centralized Authorization File (CAF) database and will not require manual processing. Most requests will be immediately recorded and appear on the list of approved authorizations in the taxpayer's Online Account and the tax professional's Tax Pro Account. Some authorizations may take up to 48 hours. Tax professionals may then go to e-Services Transcript Delivery Service to view the taxpayer's records.

This new digital authorization option will be a much faster process. It will allow the IRS to reduce its current CAF inventory and to focus on authorization requests received through fax, mail or submit the forms online—all which require IRS personnel to handle.

To connect with their tax professionals, taxpayers either login to their [Online Account](#) using their IRS username and password or create an account after passing a one-time identity verification process. If a taxpayer can't validate his or her identity, their tax professional must use the fax, mail or online submission process. However, the IRS will be announcing a new process for this application later this year.

Tax professionals should use their IRS usernames and passwords to access the Tax Pro Account or create an account after verifying their identity.

This initial launch of the Tax Pro Account represents the first release of the tool. Over time, additional functionality will be added to increase the options for electronic interactions.

Finally, the IRS has added other features to improve the Online Account. Taxpayers can now view—

- The amount they owe, updated for the current calendar day
- Their balance details by year

- Their payment history and any scheduled or pending payments
