Corvee, a software and solutions company serving tax and accounting firms, has launched state and local tax planning within the company's award-winning tax planning product. Now, firms can quickly and easily analyze client tax scenarios at the federal and state level for additional tax savings and state-specific tax planning strategies, all within Corvee tax planning software.

With this addition, Corvee tax planning software includes 1,400+ strategies that allow firms to save their clients' money on taxes. Additionally, with Corvee's significant team of tax experts, the company is on the path to provide over 20,000+ tax savings strategies in the coming years.

Corvee tax planning software now offers:

- Support for federal forms to calculate federal tax owed

- Support for all 50 state and local forms to calculate tax owed

“We are excited to be able to bring a product to the market that allows tax professionals to plan for tax scenarios at both the federal and state levels. It's pretty incredible that Corvee tax planning was launched only 17 months ago, and we've been able to provide thousands of tax professionals with more than 1,400 strategies to help save their clients money in taxes. And it's just the beginning,” states Andrew Argue, CEO and founder of Corvee.
