ACCOUNTING & AUDIT

The Votes Are In: 2022 Readers' Choice Awards

Isaac M. O'Bannon • Apr. 01, 2022

As the pandemic has receded, most accounting firms have emerged to a more digitally-focused practice, with workflow models less reliant on in-person client visits. As such, technology has taken on an even greater importance for successful practices, enabling remote engagements as well as a more remote firm staff model. Accompanying this tech evolution for firms has been a corresponding evolution in the business models of their clients, where professionals have helped small businesses embrace technologies that help them be more streamlined and remote-capable.

Now in their 18th year, *CPA Practice Advisor Readers' Choice Awards* are a way for our readers to spotlight the technologies they most rely on and trust to run their firms, provide client services, and help those clients run their businesses. From online tax and accounting systems, remote engagement, practice management, document automation and workflow tools, to apps for collaboration, mobile productivity and research. And even with the increase in remote workflow models, office hardware remains an integral component for successful practices.

The Readers' Choice awards give professionals the chance to see which technologies and workflow systems their peers are using, and that can help them build more efficient and profitable workflows for their own practice. We thank the more than 5,000 professionals who participated in voting this year. And now, the results are in:

IN-FIRM TECHNOLOGIES

Federal/State Income Tax Preparation

Insight: This is always the most voted-on category each year, since nearly all respondents report using a professional tax system. Drake Software continues to inspire the users of its tax prep, planning and management system to turn out in high numbers to vote, resulting in another win this year, and showing the loyalty these professionals have for this company's software.

WINNER: Drake Tax Software (28%)

Runners Up:

- Intuit Lacerte, ProSeries or ProConnect TaxOnline (21%)
- Wolters Kluwer: CCH Axxess Tax, CCH ProSystem fx Tax, ATX or TaxWise (16.5%)
- MyTaxPrep Office (11.6%)
- Thomson Reuters UltraTax or GoSystem RS (9.8%)
- TaxAct Preparers' Editions (3.4%)

- RCS TaxSlayer Pro (3%)
 - Other (6.7%)
-

Tax Planning Systems

Insight: Even basic tax planning can make a big difference in reducing future tax liability. And since major tax law changes are now an annual occurrence, tax planning is a challenge, which makes having a good tax planning system critical.

WINNER: Drake Tax Planner (27%)

Runners Up:

- Intuit Lacerte Tax Planner (19%)
 - Thomson Reuters Checkpoint or Planner CS (10.9%)
 - Wolters Kluwer CCH ProSystem *fx* Planning (7.9%)
 - Corvee Tax (5.6%)
 - Bloomberg Tax Income Tax Planner (5%)
 - Other (24.6%)
-

Specialty Systems & Tax Prep Tools

Insight: Even the most comprehensive tax prep system may not quite have everything you need for uncommon returns or your firm's workflow process. We call these tools that fill in the gaps or help amp your firm productivity, "specialty systems." Voters were allowed to select more than one, so totals exceed 100%.

WINNER: QuickBooks Self-Employed (24.6%)

Runners Up:

- CCH Axxess (Wolters Kluwer) (23.2%)
- GruntWorx (15.5%)
- SurePrep 1040SCAN & TaxCaddy (14.6%)
- Canopy Tax Resolution Services (7.6%)
- Thomson Reuters UltraTax CS Source Doc Processing (7.4%)

- Sageworks E-Tax Return Reader (2.4%)
 - DynaTax (2.1%)
 - Other (15)%
-

Tax & Accounting Research Systems

Insight: Tax research is also critical to a successful tax practice. Even the most seasoned pro can't know everything, but the key is in having the knowledge of where to look, and the tools to find that information. A comprehensive research system should include primary source material such as the federal tax code and state tax laws, as well as tax court rulings and expert analysis of these materials. Some of the available tax research systems integrate with tax preparation programs, while others are used separately and can be used alongside any system. Voters were allowed to select more than one, so totals exceed 100%.

WINNER: TheTaxBook – Tax Materials Inc. (52.7%)

Runners Up:

- Thomson Reuters Checkpoint (RIA) (10%)
 - QuickFinder Tax Handbooks (9.3%)
 - CCH IntelliConnect or CCH Accounting Research Manager (Wolters Kluwer) (7.4%)

- GruntWorx Populate (16.4%)
 - SurePrep 1040Scan Pro, 1040Scan Organize (13%)

Sales & Use Tax Preparation

Insight: – Sales taxes can be simple for very small businesses, but for growing business with an online presence, it has always been a challenge to keep up with all of the taxing jurisdictions. Most voters in this category said they use state tax agency websites or use the sales tax functions built into accounting systems (34.6%).

However, among the votes for specific sales tax software, the results were:

WINNER: Avalara AvaTax, Avalara Returns (14%)

-
- Calculate Within Accounting System (31%)
 - State Tax Agency Websites (12%)
 - Other (5.5%)
-

Sales & Use Tax Exemption Certificate Management

Insight: The number one sales tax audit risk (after non-compliance) is exemption certificates. Businesses that occasionally or routinely make sales to purchasers who are exempted from sales taxes must maintain a record of their certificates. WINNER: Thomson Reuters ONESOURCE (36.7%)

Runners Up:

- Avalara CertCapture (22.4%)
 - Vertex Inc. Exemption Certificate Manager (18%)
 - Sovos Tax Solutions (14.4%)
 - Other (8.5%)
-

Accounting Write-Up Systems

Insight: Online accounting systems have dramatically changed write-up, but the basics are still the same: ensuring a business' bookkeeping is accurate. Since small businesses are frequently victims of internal fraud (or bad bookkeeping), their books still need periodic review and reconciliation by a professional.

WINNER: Intuit QuickBooks Accountant (52.3%)

 - Thomson Reuters Accounting CS (6.1%)

WINNER: SageWorks – Valuation Solution (31.6%)

Runners Up:

- ValuSource Pro, BVM Pro & Express Business Valuation (25.7%)
- MoneySoft Corporate Valuation Pro, DealSense & Business Valuation Specialist (17.3%)

- ValuAdder (16.1%)
- Other (9.3%)

=====

Fixed Asset Management

Insight: Fixed asset management straddles the line between being an accounting or a tax function. Tracking and maintaining the location and condition of assets is one part, and properly depreciating them using appropriate treatments is the other.
