and Thomson Reuters combine the power of our platforms for the benefit of our clients,” said John McGowan, Founder & CEO of HubSync. “The combination of our resources will help firms seamlessly integrate technology solutions into their everyday functions. We’re excited about introducing our forward-thinking capabilities to new clients as part of this partnership.

The partnership benefits customers by empowering them to better leverage integrations and drive greater synergies that will maximize their efficiency and increase overall client satisfaction with modern processes.

“As an innovator and a leader in the industry, Thomson Reuters partners with like-minded companies” said Elizabeth Beastrom, President of Thomson Reuters Tax & Accounting. “HubSync’s speed of development and nimble work style complement Thomson Reuters open API architecture and we couldn’t be more excited about the efficiencies we are now able to bring to premier accounting firms.”
