Tipalti, a global payables solution, has added Bill Talk and Bill Docs, two new enhancements to its accounts payable automation solution, which will further modernize the invoice approval process. The latest innovations make it effortless for buyers and approvers to collaborate, while improving audit readiness and accelerating approval cycle times.

When approving invoices, it's critical for buyers and approvers to easily and quickly connect and work together. Today, most of these dialogues are held outside the context of the bill, leading to challenges when tracking Q&As, repeated back and forth interactions, and delays. The new Bill Talk and Bill Docs product innovations

allow buyers, AP staff and business approvers to work with each other directly on the
