Moore Global, one of the world's leading accountancy and advisory networks, has announced its 2021 annual results; confirming 14% growth and \$3.56 billion in revenue across the global network.

The organization, which was rated the fastest growing advisory network amongst the top 25 networks, has seen impressive development in its audit and assurance services, achieving 17% growth compared to the sector average of 5%.

The results were announced by Moore Global ahead of its European conference, taking place in Prague from 22-24 June, the first in-person event for the organization in three years.

Moore Global is represented in 114 countries, with 102 offices and over 30,000 employees. The event in the Czech Republic will bring together the European teams for *Elevate Europe 2022* which will be centered around four key themes: ESG, talent, practice support and growth through smarter collaboration, with underlying themes of networking, a focus on young leaders and Moore's Social Ambition strategy.

Anton Colella, Global CEO of Moore Global said: "2021 was an outstanding year, with growth across our audit and assurance, and accountancy sectors. The European conference will be a hugely beneficial opportunity for all our European colleagues to come together in person, celebrate what we have achieved together, and making plans for the future.

"Over the past year, we have appointed a global lead for ESG and introduced *Social Ambition*, a global network-wide strategy to deliver a positive social impact in all that we do. These have been firmly embedded and remain at the heart of our business. The event in Prague will focus on these areas as well as highlight our commitment to our young leaders."

The conference will span three days, and include workshops and discussions from
