The Alight logo is displayed in a large, bold, black sans-serif font. The word "alight" is lowercase, and a registered trademark symbol (®) is positioned to the upper right of the final 't'. The logo is centered on a bright yellow rectangular background.

Alight, Inc., a cloud-based human capital technology and services provider, has announced the launch of [Alight Payment Services](#), a new solution offering global companies a simplified, end-to-end payroll and payments process.

Alight Payment Services, powered by Ebury, is a new offering available to organizations looking to streamline their payroll processes, control costs and reduce the administrative burden of global bank transaction management.

“Knowing the hurdles global companies face when it comes to payroll and payments, we’re thrilled to offer a technology platform that alleviates that burden and simplifies procedures for them,” said Cesar Jelvez, chief professional services and global payroll officer at Alight. “Alight Payment Services adds to our already-strong

global payroll capabilities and allows us to continue to help organizations

Key features of Alight Payment Services:

- **Simplified global payment processing:** The solution is available in more than 140 currencies and can be managed without having to maintain in-country bank accounts.
- **Single currency settlement:** Works for multi-country employee deposits and third-party payments such as those made by tax and regulatory agencies and employee benefit providers.
- **Global payroll enhancements:** Payment Services provides full track-and-trace capabilities for status reporting on global payments and transactions while maintaining accuracy, compliance and secure payment delivery.
- **Streamlined reporting:** Complete bank reconciliations that save time on payroll administration and integrate with payroll and ERP systems.
