setting yourself up for a devastating attack. The key to protecting your clients' data is a multifaceted, human approach to security that goes far beyond technology.

Sep. 01, 2022

Right Networks®

If you're relying on a limited set of technologies to keep your firm secure, you're setting yourself up for a devastating attack. The key to protecting your clients' data is a multifaceted, human approach to security that goes far beyond technology. In this eBook, learn:

- Why your firm probably isn't as secure as it should be—or as you think it is

- How effective cybersecurity goes way beyond antivirus and basic
