CEO & Co-Founder
Fieldguide

<https://www.fieldguide.io/>

Jin is a practitioner-turned-entrepreneur who is passionate about driving efficiencies and reimagining collaboration for the assurance and advisory industry. His interest in automating complex workflows started at EY, where he practiced across assurance and advisory and learned first-hand the extensive opportunities for automation.

After advising clients across risk and compliance topics, he founded a blockchain startup and served as Chief of Staff to the CEO of a venture-backed legal technology company. Jin met his co-founder at the legal technology company and in founding Fieldguide, set out to automate the pain-points he experienced as a practitioner. Fieldguide is now the leading engagement lifecycle platform for risk audit and advisory firms, with a specialty in enabling Cybersecurity, Privacy, ESG, and other risk and compliance services.
