The **20 Under 40 Top Influencers** program similarly honors those who are leading the way in developing the constantly evolving technology and firm processes that allow practitioners to be more productive, efficient and profitable, as they build practices that will endure and thrive.

“There is a high level of diversity and determination among those whose ideas and voices are shaping the directions we all are following,” said *CPA Practice Advisor*’s editor-in-chief Gail Perry, CPA. “All of this year’s honorees are professionals who are not just thinking about the future, but are stepping forward and making significant changes in the accounting profession itself and the way in which our profession is perceived.”
