Dec. 06, 2022

AvidXchange, a leading provider of accounts payable (AP) automation software and payment solutions for middle market businesses and their suppliers, today announced an invoice-to-pay application programming interface integration with Intuit QuickBooks Online. This new offering provides customers who rely on QuickBooks Online, a fully automated, end-to-end, cloud-based AP and payment solution.

Built on the AvidConnect platform, this integration enables automatic syncing of accounting codes, vendor information, invoices and payments via combined AvidInvoice, AvidPay and QuickBooks Online technology. This helps customers with complex needs, especially those who have outgrown their AP solution provider or processes, save time spent on manually handling these crucial AP tasks.

Additionally, when compared to manual processes or using paper checks to pay
